Dear Parents

Re: Gardening Club

This has been so popular that all the available places went by the end of last Friday!

A waiting list has been drawn up and after 6 weeks Mrs Hall will open up membership again with priority given to those that missed out this time round.

We are really pleased that we can add yet another extracurricular activity to an already extensive list (for a small School) and thank yet more members of staff for giving up their free time to enhance the School environment and provide a stimulating activity for the children.

Yours sincerely

Anne Carter
Secretary
