

November 2011

Dear Parent/Carer,

Following on from the 'expression of interest' letter sent out in October this year, asking if you would be interested in the following:

- Parenting skills one-off session
- Parenting course
- Behaviour Management one-off session
- Healthy Eating one-off session
- How to 'drug proof' your kids – a 6 week (12 hrs) course on understanding drugs, how to recognise the signs, deal with the consequences etc.,
- 'Helping your Child to Learn' – a 5 week (10hr) course on motivational skills and innovative ways to help your child learn.
- Regular drop-in sessions at school (informal)

The results showed that the **behaviour management one-off session** was the most popular, followed closely by '**Helping your Child to Learn**'. The most popular day was **Thursday** and the most popular time was **9-12am**

On that basis I would like to offer to run both. If there is enough demand within a school, then I am happy to run it at your school – otherwise I will run at a central location in Towcester.

I would be grateful if you could return this to your school with your preference so that I can plan a course for the second half of the Spring term.

Regards

Candyda Adams PSA

I would be interested in attending: (please circle as appropriate)

Behaviour Management one-off session **9-12 am** **6-9pm** **Tues** **Thurs**

Helping your child to learn **9-12 am** **6-9pm** **Tues** **Thurs**
